# UNSETTLED WEATHER IS ON THE PROGRAMME

It Is Problematical Whether Zionites Will Have Storm or Sunshine.

WEDNESDAY TEMPERATURES. Mean Below normal Forecast for Thursday Partly cloudy, with local rain or snow. 

The shifting weather conditions of the present season, says Section Divertor R. J. Hyatt, will, in all probability, he conducive to unsettled weather. Concerning the probability of storm today, the weather prophet said that it was an even break whether the area of low barquistric pressure to the southwest would swoop down upon this section and bring storm or whether the area of high pressure to the northwest would force out the low pressure and bring stursithe.

Two storms were certral on yesterday's map, one over southweaters thus and the other over the central valleys and Lake region. These disturbances have caused with or snow over portions of Colorado, Oklahoma, Missouri, Hilmois, Texas, Arkansas, Montana, the Dakotas, British Northwest Territory, Minnesota, Lake region, Ohio valley, Tennessee and Atlantic states. Thunderstorms were quite general over the Lake region of no only valley, Tennessee and Atlantic states. Thunderstorms were quite general over the Lake resion and Ohio valley, with largest amount of rainfall at St. Louis, 1.28 legches. Over the Atlantic and Pacific States the barometric pressure was high, causing mostly fair weather with frost temporatures over the western states.

Party cloudy Thursday with local rain or snow is indicated for this locality.

Wednesday's meteorological record at the local station of the United States weather bureau for the twenty-four hours ending at 6 p. m. was as follows:

Temperature at 6 p. m. 48 degrees, maximum temperature, 3 degrees; mean temperature, 5 degrees; mean temperature, 4 degrees, which is 10 degrees allow the first of the month, 57 degrees.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe,

the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish it-self and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the

a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no atcohol, whishy or habit-forming drugs. All its ingredients printed on its outside wrenner. It is not a secret nostrum but a medicine or known

wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
